NATIONAL SUNDAY SCHOOL WEEK... IN THE VALLEY OF THE MOON

Well. . . Well. . . Well. . . National Sunday School Week has been set for April 13 to April 19. . .

What do public school officials think of Sunday Schools??? Dr. John J. Theobald is Superintendent of Schools in New York City, controlling the teaching and preparation for life of one million boys and girls. . . Here is what he says about Sunday Schools:

"Man's two greatest adventures are exploring the world around him and the worth within him. . . Whether he probes with a missile or a prayer, he's on the high road to adventure, and his preparation must begin early in life. . . Sunday Schools of all faiths stress the principles that start young people in the right direction."

To help focus attention on the importance of our nation's Sunday Schools, National Sunday School Week has been observed for the past fifteen years. . .

Let's start our children in the right direction by giving them a chance to learn the Word of God in our Sunday Schools. . .
